

**REGULATION (EU) No 236/2014 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL
of 11 March 2014**

**laying down common rules and procedures for the implementation of the Union's instruments for
financing external action**

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE
EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Articles 209(1) and 212(2) thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Having regard to the opinion of the Committee of Regions ⁽¹⁾,

Acting in accordance with the ordinary legislative procedure ⁽²⁾,

Whereas:

(1) The European Union should adopt a comprehensive set of instruments for financing external action covering a range of policies related to such action, which require specific common rules and procedures for their implementation. Those instruments for financing external action for the period from 2014 to 2020 are: the Development Cooperation Instrument (DCI), as established by Regulation (EU) No 233/2014 of the European Parliament and of the Council ⁽³⁾, the European Instrument for Democracy and Human Rights (EIDHR), as established by Regulation (EU) No 235/2014 of the European Parliament and of the Council ⁽⁴⁾, the European Neighbourhood Instrument (ENI), as established by Regulation (EU) No 232/2014 of the European Parliament and of the Council ⁽⁵⁾, the Instrument contributing to Stability and Peace, as established by Regulation (EU) No 230/2014 of the European Parliament and of the Council ⁽⁶⁾, the Instrument for Pre-accession Assistance (IPA II), as established by Regulation (EU) No 231/2014 of the European Parliament and of the Council ⁽⁷⁾, and the Partnership

Instrument for cooperation with third countries, as established by Regulation (EU) No 234/2014 of the European Parliament and of the Council ⁽⁸⁾ (hereinafter referred to jointly as 'the Instruments' and individually as 'the Instrument').

(2) The common rules and procedures should be consistent with the financial rules applicable to the general budget of the Union laid down in Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council ⁽⁹⁾, including the corresponding rules adopted by the Commission ⁽¹⁰⁾ for implementing that Regulation.

(3) The Instruments generally provide that actions to be funded on their basis should be the object of a multi-annual indicative programming, providing the framework within which financing decisions should be adopted in accordance with Regulation (EU, Euratom) No 966/2012, and with the procedures provided for in Regulation (EU) No 182/2011 of the European Parliament and of the Council ⁽¹¹⁾.

(4) Financing decisions should take the form of annual or multiannual action programmes and individual measures when following the planning provided for by the multi-annual indicative programming, of special measures where required by unforeseen and duly justified needs or circumstances, and of support measures. Support measures may be adopted either as part of an annual or multiannual action programme or outside the scope of indicative programming documents.

(5) Financing decisions should include in an annex a description of each action, specifying its objectives, main activities, expected results, methods of implementation, budget and indicative timetable, any associated support measures and performance monitoring arrangements, and should be approved in accordance with the procedures provided for in Regulation (EU) No 182/2011.

⁽¹⁰⁾ Commission Delegated Regulation (EU) No 1268/2012 of 29 October 2012 on the rules of application of Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council on the financial rules applicable to the general budget of the Union (OJ L 362, 31.12.2012, p. 1).

⁽¹¹⁾ Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers (OJ L 55, 28.2.2011, p. 13).

- (6) Taking into account the policy programming or financial execution nature of those implementing acts, in particular their budgetary implications, the examination procedure should be used for their adoption, except for individual and special measures below pre-defined thresholds. However, the Commission should adopt immediately applicable implementing acts where, in duly justified cases relating to the need for a swift response from the Union, imperative grounds of urgency so require. The European Parliament should be duly informed thereof, in accordance with the relevant provisions of Regulation (EU) No 182/2011.
- (7) For the implementation of the Instruments, where the management of the operation is entrusted to a financial intermediary, the Commission decision should cover in particular provisions concerning risk-sharing, transparency, the remuneration of the intermediary responsible for implementation, the use and re-use of funds and of possible profits, and the reporting obligations and control mechanisms, taking into account the relevant provisions of Regulation (EU, Euratom) No 966/2012.
- (8) The Union should seek the most efficient use of available resources in order to optimise the impact of its external action. That should be achieved through coherence and complementarity between the Union's instruments for external action, as well as the creation of synergies between the Instruments and other policies of the Union. This should further entail mutual reinforcement of the programmes devised under the Instruments, and, where appropriate, the use of financial instruments that have a leverage effect.
- (9) Pursuant to Article 21 of the Treaty on European Union (TEU), the Union's action on the international scene is to be guided by the principles which have inspired its own creation, development and enlargement, and which it seeks to advance in the wider world, namely democracy, the rule of law, the universality and indivisibility of human rights and fundamental freedoms, respect for human dignity, the principle of equality and solidarity, and respect for the principles of the United Nations Charter and international law.
- (10) In line with the commitments of the Union at the 3rd and 4th High Level Fora on Aid Effectiveness (Accra 2008 and Busan 2011), and the recommendation of the Development Assistance Committee of the Organisation for Economic Co-operation and Development ('OECD-DAC') on untying official development assistance (ODA) to the Least Developed Countries and Heavily Indebted Poor Countries, the Commission should untie Union aid to the maximum extent, including for innovative financing mechanisms, and promote the participation of entities from partner countries in contract-award procedures.
- (11) In order to ensure the visibility towards the citizens of the beneficiary countries and the Union citizens, of the Union's assistance, there should be, where appropriate, targeted communication and information by adequate means.
- (12) The Union's external action under the Instruments should contribute to clear results (covering outputs, outcomes and impacts) in countries benefiting from the Union's external financial assistance. Whenever possible and appropriate, the results of the Union's external action and the efficiency of a particular Instrument should be monitored and assessed on the basis of pre-defined, clear, transparent and, where appropriate, country-specific and measurable indicators, adapted to the specificities and objectives of the Instrument concerned.
- (13) The financial interests of the Union should be protected through proportionate measures throughout the expenditure cycle, including the prevention, detection and investigation of irregularities, the recovery of funds lost, wrongly paid or incorrectly used and, where appropriate, penalties. Those measures should be carried out in accordance with the applicable agreements concluded with international organisations and third countries.
- (14) Provision should be made for financing methods, the protection of the financial interests of the Union, rules on nationality and origin, the evaluation of actions, reporting and review and evaluation of the Instruments.
- (15) Without prejudice to cooperation mechanisms developed with civil society organisations at all levels in accordance with Article 11 TEU, stakeholders of beneficiary countries, including civil society organisations and local authorities, have a prominent role to play regarding the external policy of the Union. During the implementation process, in particular the preparation, implementation, monitoring and evaluation of measures taken under this Regulation, it is important to duly consult them to ensure that they play a meaningful role in this process and to duly consider their specificities.

(16) In accordance with Article 208, Article 209(3) and Article 212 of the Treaty on the Functioning of the European Union, and under the terms laid down in the Statute of the European Investment Bank (EIB) and in Decision No 1080/2011 of the European Parliament and of the Council ⁽¹⁾, the EIB contributes to the implementation of the measures necessary to further the objectives of the Union's development and other external policies, and intervenes in complementarity with the Union's instruments for external action. Opportunities should be seized to combine EIB financing with Union budgetary resources. The EIB is consulted in the Union programming process where appropriate.

(17) International organisations and development agencies routinely work with non-profit organisations as implementing partners and may have to entrust budget implementation tasks to them in duly justified cases. By way of derogation from point (c) of Article 58(1) of Regulation (EU, Euratom) No 966/2012, provision should be made in this Regulation to allow such tasks to be entrusted to non-profit organisations under conditions equivalent to those applying to the Commission.

(18) In order to enhance partner countries' ownership of their development processes and the sustainability of external aid, and in line with international aid effectiveness commitments entered into by the Union and partner countries, the Union should promote, where appropriate in light of the nature of the action concerned, the use of partner countries' own institutions, systems and procedures.

(19) In line with the European Consensus on Development and the international aid effectiveness agenda, and as underlined by the European Parliament's resolution of 5 July 2011 on the future of EU budget support to developing countries, the Commission's Communication of 13 October 2011 entitled 'Increasing the impact of EU Development Policy: an Agenda for Change', and the Council Conclusions on 'The Future Approach to EU Budget Support to Third Countries' of 14 May 2012, budget support is to be used effectively to support poverty reduction and the use of country systems, make aid more predictable and strengthen partner countries' ownership of development policies and reforms. The disbursement of forecast budget tranches should be conditional on the progress achieved towards the objectives agreed with partner countries. In countries benefiting from that type of the Union's financial assistance, the Union supports the development of parliamentary

control, audit capacities, transparency and public access to information.

(20) Union action aimed at advancing the principles of democracy and strengthening democratisation may be implemented, inter alia, through support to civil society organisations and independent institutions active in this area, such as the European Endowment for Democracy.

(21) Since the objectives of this Regulation cannot be sufficiently achieved by the Member States but can rather, by reason of the scale and effects of the action, be better achieved at Union level, the Union may adopt measures, in accordance with the principle of subsidiarity as set out in Article 5 TEU. In accordance with the principle of proportionality, as set out in that Article, this Regulation does not go beyond what is necessary in order to achieve those objectives.

(22) It is appropriate to align the period of application of this Regulation with that of Council Regulation (EU, Euratom) No 1311/2013 ⁽²⁾. Therefore, this Regulation should apply from 1 January 2014 until 31 December 2020,

HAVE ADOPTED THIS REGULATION:

TITLE I

IMPLEMENTATION

Article 1

Subject matter and principles

1. This Regulation lays down the rules and conditions for the provision by the Union of financial assistance to actions, including action programmes and other measures, under the following instruments for financing external action for the period from 2014 to 2020: the Development Cooperation Instrument (DCI), the European Instrument for Democracy and Human Rights (EIDHR), the European Neighbourhood Instrument (ENI), the Instrument contributing to Stability and Peace, the Instrument for Pre-Accession Assistance (IPA II) and the Partnership Instrument for cooperation with third countries (hereinafter referred to jointly as 'the Instruments' and individually as 'the Instrument').

For the purposes of this Regulation, the term 'countries' includes territories and regions, as appropriate.

⁽¹⁾ Decision No 1080/2011/EU of the European Parliament and of the Council of 25 October 2011 granting an EU guarantee to the European Investment Bank against losses under loans and loan guarantees for projects outside the Union and repealing Decision No 633/2009/EC (OJ L 280, 27.10.2011, p. 1).

⁽²⁾ Council Regulation (EU, Euratom) No 1311/2013 of 2 December 2013 laying down the multiannual financial framework for the years 2014-2020 (OJ L 347, 20.12.2013, p. 884).

2. This Regulation does not apply to the implementation of actions financing the Erasmus+ programme under Regulation (EU) No 233/2014, Regulation (EU) No 232/2014, Regulation (EU) No 231/2014 and Regulation (EU) No 234/2014. Those actions shall be implemented in accordance with Regulation (EU) No 1288/2013 of the European Parliament and of the Council⁽¹⁾, on the basis of the indicative programming documents referred to in the applicable Instrument, while ensuring conformity with those Regulations.

3. The Commission shall ensure that actions are implemented in accordance with the objectives of the applicable Instrument, and in conformity with an effective protection of the financial interests of the Union. The Union's financial assistance provided on the basis of the Instruments shall be consistent with the rules and procedures laid down in Regulation (EU, Euratom) No 966/2012, which provides the basic financial and legal framework for their implementation.

4. In applying this Regulation, the Commission shall use the most effective and efficient implementation methods. Where possible and appropriate in light of the nature of the action, the Commission shall also favour the use of the most simple procedures.

5. Taking into account paragraph 4, in applying this Regulation, the Commission shall favour the use of partner countries' systems when possible and appropriate in light of the nature of the action.

6. The Union shall seek to promote, develop and consolidate the principles of democracy, the rule of law and respect for human rights and fundamental freedoms on which it is founded, on the basis of, where appropriate, dialogue and cooperation with partner countries and regions. The Union shall integrate those principles in the implementation of the Instruments.

Article 2

Adoption of action programmes, individual measures and special measures

1. The Commission shall adopt annual action programmes, based on the indicative programming documents referred to in the relevant Instrument, where applicable. The Commission may also adopt multi-annual action programmes in accordance with Article 6(3).

Action programmes shall specify for each action the objectives pursued, the expected results and main activities, the methods of implementation, the budget and an indicative timetable, any associated support measures and performance monitoring arrangements.

⁽¹⁾ Regulation (EU) No 1288/2013 of the European Parliament and of the Council of 11 December 2013 establishing 'Erasmus+': the Union programme for education, training, youth and sport and repealing Decisions No 1719/2006/EC, No 1720/2006/EC and No 1298/2008/EC (OJ L 347, 20.12.2013, p. 50).

When necessary, an action may be adopted as an individual measure before or after the adoption of annual or multi-annual action programmes.

In the event of unforeseen and duly justified needs or circumstances, and when funding is not possible from more appropriate sources, the Commission may adopt special measures not provided for in the indicative programming documents, including measures to ease the transition from emergency aid to long-term development operations or measures to better prepare people to deal with recurring crises.

2. Action programmes, individual measures and special measures provided for in paragraph 1 of this Article shall be adopted in accordance with the examination procedure referred to in Article 16(3).

3. The procedure referred to in paragraph 2 shall not be required for:

- (a) individual measures for which the Union's financial assistance does not exceed EUR 5 million;
- (b) special measures for which the Union's financial assistance does not exceed EUR 10 million;
- (c) technical amendments to action programmes, individual measures and special measures. Technical amendments are adjustments, such as:
 - (i) extensions of the implementation period;
 - (ii) reassignments of funds between actions contained in an annual or multi-annual action programme; or
 - (iii) increases or reductions of the budget of the annual or multi-annual action programmes, or of individual or special measures, by not more than 20 % of the initial budget and not exceeding EUR 10 million,

provided such amendments do not substantially affect the objectives of the measure concerned.

Measures adopted under this paragraph shall be communicated to the European Parliament and to the Member States through the relevant committee referred to in Article 16 within one month of their adoption.

4. Paragraphs 1, 2 and 3 relating to action programmes and individual measures shall not apply to ENI cross-border cooperation.

5. On duly justified imperative grounds of urgency, such as crises or immediate threats to democracy, the rule of law, human rights or fundamental freedoms, the Commission may adopt individual or special measures or amendments to existing action programmes and measures, in accordance with the procedure referred to in Article 16(4).

6. Appropriate environmental screening, including for climate change and biodiversity impacts, shall be undertaken at project level, in accordance with the applicable legislative acts of the Union, including Directive 2011/92/EU of the European Parliament and of the Council⁽¹⁾ and Council Directive 85/337/EEC⁽²⁾, comprising, where applicable, an environmental impact assessment (EIA) for environmentally sensitive projects, in particular for major new infrastructure. Where relevant, strategic environmental assessments shall be used in the implementation of sectoral programmes. The involvement of interested stakeholders in environmental assessments and public access to the results of such assessments shall be ensured.

7. In the design and implementation of programmes and projects, criteria regarding accessibility for persons with disabilities shall be duly taken into account.

Article 3

Support measures

1. Union financing may cover expenditure for the implementation of the Instruments and for the achievement of their objectives, including administrative support associated with the preparation, follow-up, monitoring, audit and evaluation activities directly necessary for such implementation, as well as expenditure at Union delegations on the administrative support needed to manage operations financed under the Instruments.

2. Provided that the activities listed in points (a), (b) and (c) are related to the general objectives of the applicable Instrument implemented through actions, Union financing may cover:

- (a) studies, meetings, information, awareness-raising, training, preparation and exchange of lessons learnt and best practices, publication activities and any other administrative or technical assistance expenditure necessary for the management of actions;
- (b) research activities and studies on relevant issues and the dissemination thereof;
- (c) expenditure related to the provision of information and communication actions, including the development of communication strategies and corporate communication of the political priorities of the Union.

3. Support measures may be financed outside the scope of indicative programming documents. Where applicable, the Commission shall adopt support measures in accordance with the examination procedure referred to in Article 16(3).

⁽¹⁾ Directive 2011/92/EU of the European Parliament and of the Council of 13 December 2011 on the assessment of the effects of certain public and private projects on the environment (OJ L 26, 28.1.2012, p. 1).

⁽²⁾ Council Directive 85/337/EEC of 27 June 1985 on the assessment of the effects of certain public and private projects on the environment (OJ L 175, 5.7.1985, p. 40).

The examination procedure shall not apply to the adoption of support measures for which the Union's financial assistance does not exceed EUR 10 million.

Support measures for which the Union's financial assistance does not exceed EUR 10 million shall be communicated to the European Parliament and to the Member States through the relevant committee referred to in Article 16 within one month of their adoption.

TITLE II

PROVISIONS ON THE FINANCING METHODS

Article 4

General financing provisions

1. The Union's financial assistance may be provided through the types of financing envisaged by Regulation (EU, Euratom) No 966/2012, and in particular:

- (a) grants;
- (b) procurement contracts for services, supplies or works;
- (c) general or sector budget support;
- (d) contributions to trust funds set up by the Commission, in accordance with Article 187 of Regulation (EU, Euratom) No 966/2012;
- (e) financial instruments such as loans, guarantees, equity or quasi-equity, investments or participations, and risk-sharing instruments, whenever possible under the lead of the EIB in line with its external mandate under Decision No 1080/2011/EU, a multilateral European financial institution, such as the European Bank for Reconstruction and Development, or a bilateral European financial institution, e.g. bilateral development banks, possibly pooled with additional grants from other sources.

2. General or sector budget support as referred to in point (c) of paragraph 1 is based on mutual accountability and shared commitments to universal values, and aims at strengthening contractual partnerships between the Union and partner countries in order to promote democracy, human rights and the rule of law, support sustainable and inclusive economic growth and eradicate poverty.

Any decision to provide the general or sector budget support shall be based on budget support policies agreed by the Union, a clear set of eligibility criteria and a careful assessment of the risks and benefits.

One of the key determinants of that decision shall be an assessment of the commitment, record and progress of partner countries with regard to democracy, human rights and the rule of law. The general or sector budget support shall be differentiated in such a way as to respond better to the political, economic and social context of the partner country, taking into account situations of fragility.

When providing the general or sector budget support in accordance with Article 186 of Regulation (EU, Euratom) No 966/2012, the Commission shall clearly define and monitor its conditionality, and shall support the development of parliamentary control and audit capacities and increased transparency and public access to information. Disbursement of the general or sector budget support shall be conditional on satisfactory progress being made towards achieving the objectives agreed with the partner country.

3. Any entity entrusted with the implementation of the financial instruments as referred to in point (e) of paragraph 1 shall fulfil the requirements of Regulation (EU, Euratom) No 966/2012 and comply with Union objectives, standards and policies, as well as best practices regarding the use of and reporting on Union funds.

Those financial instruments may be grouped into facilities for implementation and reporting purposes.

The Union's financial assistance may also be provided, in accordance with Regulation (EU, Euratom) No 966/2012, through contributions to international, regional or national funds, such as those established or managed by the EIB, by Member States, by partner countries and regions or by international organisations, with a view to attracting joint financing from a number of donors, or to funds set up by one or more donors for the purpose of the joint implementation of projects.

4. Reciprocal access by Union financial institutions to financial instruments set up by other organisations shall be promoted, as appropriate.

5. When providing the Union's financial assistance as referred to in paragraph 1, the Commission shall, where appropriate, take all necessary measures in order to ensure the visibility of the Union's financial support. Those shall include measures imposing visibility requirements on recipients of Union funds, except in duly justified cases. The Commission shall be responsible for monitoring recipients' compliance with those requirements.

6. All revenue generated by a financial instrument shall be assigned to the corresponding Instrument as internal assigned revenue. Every five years, the Commission shall examine the contribution made to the achievement of Union objectives, and the effectiveness, of existing financial instruments.

7. The Union's financial assistance shall be implemented by the Commission, as provided for by Regulation (EU, Euratom) No 966/2012, directly by Commission departments, by Union delegations and by executive agencies, by shared management with Member States or indirectly by entrusting budget imple-

mentation tasks to the entities listed in Regulation (EU, Euratom) No 966/2012. Those entities shall ensure consistency with the Union's external policy and may entrust budget implementation tasks to other entities under conditions equivalent to those applying to the Commission.

They shall annually fulfil their obligation under Article 60(5) of Regulation (EU, Euratom) No 966/2012. The audit opinion, where required, shall be submitted within one month of the report and management declaration, to be taken into account in the assurance of the Commission.

International organisations as referred to in point (c)(ii) of Article 58(1) of Regulation (EU, Euratom) No 966/2012 and bodies of the Member States as referred to in points (c)(v) and (vi) of Article 58(1) of that Regulation which have been entrusted by the Commission may also entrust budget implementation tasks to non-profit organisations possessing the appropriate operational and financial capacity, under conditions equivalent to those applying to the Commission.

Entities which fulfil the criteria laid down in Article 60(2) of Regulation (EU, Euratom) No 966/2012 shall be deemed to meet the selection criteria referred to in Article 139 of that Regulation.

8. The types of financing referred to in paragraph 1 of this Article and in Article 6(1), and the methods of implementation referred to in paragraph 3 of this Article, shall be chosen on the basis of their ability to achieve the specific objectives of the actions and to deliver results, taking into account, in particular, the costs of controls, the administrative burden, and the expected risk of non-compliance. For grants, this shall include consideration of the use of lump sums, flat rates and scales of unit costs.

9. Actions financed under the Instruments may be implemented by means of parallel or joint co-financing.

In the case of parallel co-financing, an action is split into a number of clearly identifiable components which are each financed by the different partners providing co-financing in such a way that the end-use of the financing can always be identified.

In the case of joint co-financing, the total cost of an action is shared between the partners providing the co-financing and the resources are pooled in such a way that it is no longer possible to identify the source of financing for any given activity undertaken as part of the action. In such a case, ex-post publicity of grant and procurement contracts as provided for by Article 35 of Regulation (EU, Euratom) No 966/2012 shall comply with the rules, if any, governing the entrusted entity.

10. When recourse is had to a type of financing referred to in paragraph 1 of this Article or Article 6(1), cooperation between the Union and its partners may take the form, *inter alia*, of:

- (a) triangular arrangements whereby the Union coordinates with third countries its assistance to a partner country or region;
- (b) administrative cooperation measures such as twinning between public institutions, local authorities, national public bodies or private law entities entrusted with public service tasks of a Member State and those of a partner country or region, as well as cooperation measures involving public-sector experts dispatched from the Member States and their regional and local authorities;
- (c) contributions to the necessary costs of setting up and administering a public-private partnership;
- (d) sector policy support programmes whereby the Union provides support to a partner country's sector programme;
- (e) in the case of the ENI and IPA II, contributions to the cost of the countries' participation in Union programmes and agencies;
- (f) interest rate subsidies;
- (g) financing through grants to Union agencies.

11. When working with stakeholders of beneficiary countries, the Commission shall take into account their specificities, including needs and context, when defining the modalities of financing, the type of contribution, the award modalities and the administrative provisions for the management of grants, with a view to reaching and best responding to the widest possible range of such stakeholders. Specific modalities shall be encouraged in accordance with Regulation (EU, Euratom) No 966/2012, such as partnership agreements, authorisations of subgranting, direct award or eligibility-restricted calls for proposals or lump sums.

12. In implementing its support to transition and reform in partner countries, the Union shall, where appropriate, draw on and share the experiences of Member States and lessons learnt.

Article 5

Taxes, duties and charges

The Union's assistance shall not generate or activate the collection of specific taxes, duties or charges.

Where applicable, appropriate provisions shall be negotiated with third countries in order to exempt from taxes, custom duties and other fiscal charges the actions implementing the Union's financial assistance. Otherwise, such taxes, duties and charges shall be eligible under the conditions laid down in Regulation (EU, Euratom) No 966/2012.

Article 6

Specific financing provisions

1. In addition to the types of financing referred to in Article 4(1) of this Regulation, the Union's financial assistance under the following Instruments may be provided in accordance with Regulation (EU, Euratom) No 966/2012 also through the following types of financing:

- (a) under the DCI and under the ENI, debt relief in the context of internationally agreed debt relief programmes;
- (b) under the DCI and under the Instrument contributing to Stability and Peace, in exceptional cases, sectoral and general import programmes, which may take the form of:
 - (i) sectoral import programmes in kind;
 - (ii) sectoral import programmes providing foreign exchange to finance imports for the sector in question; or
 - (iii) general import programmes providing foreign exchange to finance general imports of a wide range of products;
- (c) under the EIDHR, direct award of:
 - (i) low-value grants to human rights defenders to finance urgent protection actions, where appropriate without the need for co-funding;
 - (ii) grants, where appropriate without the need for co-funding, to finance actions in the most difficult conditions or in situations referred to in Article 2(4) of Regulation (EU) No 235/2014 where the publication of a call for proposals would be inappropriate. Such grants shall not exceed EUR 1 000 000 and shall have a duration of up to 18 months, which may be extended by a further 12 months in the event of objective and unforeseen obstacles to their implementation;
 - (iii) grants to the Office of the UN High Commissioner for Human Rights as well as to the European Inter-University Centre for Human Rights and Democratisation, providing a European Master's Degree in Human Rights and Democratisation and an EU-UN Fellowship Programme, and its associated network of universities delivering human rights postgraduate diplomas, including scholarships to students and human rights defenders from third countries.

2. Under the ENI and IPA II, cross-border cooperation programmes shall be implemented, in particular, in shared management with Member States or in indirect management with third countries or international organisations. Detailed rules shall be laid down in implementing acts adopted on the basis of Regulation (EU) No 232/2014 and Regulation (EU) No 231/2014.

3. The Commission may adopt multiannual action programmes:

- (a) for a period of up to three years in the case of recurrent actions;
- (b) for a period of up to seven years under IPA II.

Where multiannual commitments are made, they shall contain provisions indicating that, for years other than the initial commitment year, the commitments are indicative and dependent on the future annual budgets of the Union.

4. For actions under the ENI and IPA II extending over more than one year, budgetary commitments may be broken down over several years into annual instalments.

In such cases, unless otherwise provided by the applicable rules, the Commission shall automatically de-commit any portion of a budgetary commitment for a programme that, by 31 December of the fifth year following that of the budgetary commitment, has not been used for the purpose of pre-financing or making interim payments or for which the entrusted entity has not presented any certified statement of expenditure or any payment request.

5. Declaration of the European Commission on the use of implementing acts for laying down provisions for the implementation of certain rules in Regulation No 232/2014 of the European Parliament and of the Council of 11 March 2014 establishing a European Neighbourhood Instrument and in Regulation (EU) No 231/2014 of the European Parliament and of the Council of 11 March 2014 establishing an Instrument for Pre-Accession Assistance (IPA II)

The European Commission considers that the rules for implementing cross-border cooperation programmes as set out in Regulation (EU) No 236/2014 of the European Parliament and of the Council of 11 March 2014 laying down common rules and procedures for the implementation of the Union's instruments for financing external action and other specific, more detailed implementing rules in Regulation (EU) No. 232/2014 of the European Parliament and of the Council of 11 March 2014 establishing a European Neighbourhood Instrument and in Regulation (EU) No 231/2014 of the European Parliament and of the Council of 11 March 2014 establishing an Instrument for Pre-Accession Assistance (IPA II), aim at supplementing the basic act and should therefore be delegated acts to be adopted on the basis of Article 290 TFEU. The European Commission will not oppose the adoption of the text as agreed by the co-legislators. Nevertheless, the European Commission recalls that the question of delimitation between Articles 290 and 291 TFEU is currently under examination by the Court of Justice of the European Union in the 'biocides' case.

European Commission declaration concerning 'reflows'

In line with the obligations set out in Article 21(5) of the Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council of 25 October 2012 on the financial rules applicable to the general budget of the Union and repealing Council Regulation (EC, Euratom) No 1605/2002, the European Commission will include in the draft budget a line accommodating internal assigned revenues and wherever possible, it will indicate the amount of such revenue.

The budgetary authority will be informed about the amount of the accumulated resources every year during the planning process of the budget. Internal assigned revenues will be included in the draft budget only to the extent that their amount is certain.

Statement by the European Parliament on the suspension of assistance granted under the financial instruments

The European Parliament notes that Regulation (EU) No 233/2014 of the European Parliament and of the Council of 11 March 2014 establishing a financing instrument for development cooperation for the period 2014-2020, Regulation (EU) No 232/2014 of the European Parliament and of the Council of 11 March 2014 establishing a European Neighbourhood Instrument, Regulation (EU) No 234/2014 of the European Parliament and of the Council of 11 March 2014 establishing a Partnership Instrument for cooperation with third countries and Regulation (EU) No 231/2014 of the European Parliament and of the Council of 11 March 2014 establishing an Instrument for Pre-accession Assistance (IPA II) do not contain any explicit reference to the possibility of suspending assistance in cases where a beneficiary country fails to observe the basic principles enunciated in the respective instrument and notably the principles of democracy, rule of law and the respect for human rights.

The European Parliament considers that any suspension of assistance under these instruments would modify the overall financial scheme agreed under the ordinary legislative procedure. As a co-legislator and co-branch of the budgetary authority, the European Parliament is therefore entitled to fully exercise its prerogatives in that regard, if such a decision is to be taken.
